

FITTONIA PINK

Grow your reptile, amphibian, or invertebrate jungle with ReptiFauna™ tropical plants.

These plants are perfect for naturally enhancing your animal habitat and are easy to care for.

- Origin:** South America
- Care Level:** Beginner
- Light:** Partially Shaded
- Humidity:** Humid 70-100%
- Environment:** Tropical
- Placement:** Midground
- Water Frequency:** 2-3x a week
- Growth Rate:** Moderate

TIPS:

- Too much humidity can cause leaves to brown.
- Trim flower spike to keep the plant more compact if desired.
- Keep the substrate consistently moist but not soggy.

TO GET STARTED:

- Prepare the substrate by digging a small two inch hole to accommodate the plant
- Remove the plant from the pot being careful to not damage the roots
- Gently remove as much substrate from the plant and discard in the substrate in the trash
- Lightly rinse the plant under de-chlorinated room temperature, or distilled water
- Place the plant in the hole in the substrate
- Fill in the open areas in the hole with substrate until the it covers just up to the base of the plant
- Gently smooth out the substrate
- Water according to care directions above, always using room temperature water
